

PURCHASING ENVIRONMENTAL POLICY

- We are sourcing products which are the most sustainable in their manufacture, use and disposal
- We review all the products and services we Purchase and identify where more sustainable alternatives are available
- We examine how the suppliers select their suppliers so that we can help develop a fully sustainable supply chain.
- We encourage local businesses to cut down on transport energy by sourcing locally
- We buy products in bulk & reduce packaging where possible
- We challenge suppliers and other business partners to improve their practices
- We never purchase or sell items made from protected wildlife or illegally-traded species and we inform our guests if there are any such items that may be offered for sale outside the hotel.
- We recognize supplier's efforts through special events, promotion and long-term contracts.
